SCHEDULE OF JOINERY:

NOTE:-

1.Accommodation shall be provided for setting up of schools for children of construction workers in accordance with the Building and other construction workers (Regulation of Employment and Conditions of Service) Act,1996 and the Rules framed thereunder.

2.Labour Cess shall be paid at the rate of 1% of the total cost of the project to the Building and other construction workers Welfare Board as per the provisions of the Building and other construction workers (Regulation of Employment and Conditions of Service) Act,1996 and the Rules framed thereunder.

3.Employment of Child labour in the construction activities is strictly prohibited.

4.Obtaining NOC from the labour Department and Fire&rescue Department before commencing the construction work is must.

NOTE:-

1.Compliance with fire safety and structural details should be as per the Fire Safety Act and Rules.

2.Sewer line shall be laid as per the approved plan.

3.Water supply connections will be provided after the completion of the sewer lines.

4.Rainwater harvesting structure is to be constructed as per the norms.

5.Solid waste management shall be ensured.

6.Compliance of conditions if any imposed in the NOC issued by the Department of Forest, Ecology and Environment.

7.Provision shall be made for street lighting and overhead tank to the satisfaction of the Engineer-in-Charge.

8.Approval of the Pollution Control Board must be obtained before the commencement of the activate.

9.The applicant should provide rain water harvesting structure as per the norms.

10.Provision should be made for the disposal of the garbage.

11.Provision should be made for the Electrical Transformer as per the norms of the concerned authority.

12.Fire safety measures should be provided as per the National Building Code.

13.Drinking water supply should be ensured as per the norms.

14.Adequate provision should be made for the physically challenged persons.

15.Provision should be made for the Solar Water Heating System as per the norms.

16.Provision should be made for the Electrical Substation as per the norms.

17.Provision should be made for the Rain Water Harvesting Structure as per the norms.

18.Provision should be made for the Sewage Treatment Plant as per the norms.

19.Provision should be made for the Solid Waste Management as per the norms.

20.Provision should be made for the Fire Safety as per the norms.

21.Provision should be made for the Parking as per the norms.

22.Provision should be made for the Green Belt as per the norms.

23.Provision should be made for the Electric Vehicle Charging Station as per the norms.

24.Provision should be made for the Electric Meter Room as per the norms.

25.Provision should be made for the Sewage Treatment Plant as per the norms.

26.Provision should be made for the Solid Waste Management as per the norms.

27.Provision should be made for the Fire Safety as per the norms.

28.Provision should be made for the Parking as per the norms.

29.Provision should be made for the Green Belt as per the norms.

30.Provision should be made for the Electric Vehicle Charging Station as per the norms.

31.Provision should be made for the Electric Meter Room as per the norms.

32.Provision should be made for the Sewage Treatment Plant as per the norms.

33.Provision should be made for the Solid Waste Management as per the norms.

34.Provision should be made for the Fire Safety as per the norms.

35.Provision should be made for the Parking as per the norms.

36.Provision should be made for the Green Belt as per the norms.

37.Provision should be made for the Electric Vehicle Charging Station as per the norms.

38.Provision should be made for the Electric Meter Room as per the norms.

39.Provision should be made for the Sewage Treatment Plant as per the norms.

40.Provision should be made for the Solid Waste Management as per the norms.

41.Provision should be made for the Fire Safety as per the norms.

42.Provision should be made for the Parking as per the norms.

43.Provision should be made for the Green Belt as per the norms.

44.Provision should be made for the Electric Vehicle Charging Station as per the norms.

45.Provision should be made for the Electric Meter Room as per the norms.

46.Provision should be made for the Sewage Treatment Plant as per the norms.

47.Provision should be made for the Solid Waste Management as per the norms.

48.Provision should be made for the Fire Safety as per the norms.

49.Provision should be made for the Parking as per the norms.

50.Provision should be made for the Green Belt as per the norms.

51.Provision should be made for the Electric Vehicle Charging Station as per the norms.

52.Provision should be made for the Electric Meter Room as per the norms.

53.Provision should be made for the Sewage Treatment Plant as per the norms.

54.Provision should be made for the Solid Waste Management as per the norms.

55.Provision should be made for the Fire Safety as per the norms.

56.Provision should be made for the Parking as per the norms.

57.Provision should be made for the Green Belt as per the norms.

58.Provision should be made for the Electric Vehicle Charging Station as per the norms.

59.Provision should be made for the Electric Meter Room as per the norms.

60.Provision should be made for the Sewage Treatment Plant as per the norms.

61.Provision should be made for the Solid Waste Management as per the norms.

62.Provision should be made for the Fire Safety as per the norms.

63.Provision should be made for the Parking as per the norms.

64.Provision should be made for the Green Belt as per the norms.

65.Provision should be made for the Electric Vehicle Charging Station as per the norms.

66.Provision should be made for the Electric Meter Room as per the norms.

67.Provision should be made for the Sewage Treatment Plant as per the norms.

68.Provision should be made for the Solid Waste Management as per the norms.

69.Provision should be made for the Fire Safety as per the norms.

70.Provision should be made for the Parking as per the norms.

71.Provision should be made for the Green Belt as per the norms.

72.Provision should be made for the Electric Vehicle Charging Station as per the norms.

73.Provision should be made for the Electric Meter Room as per the norms.

74.Provision should be made for the Sewage Treatment Plant as per the norms.

75.Provision should be made for the Solid Waste Management as per the norms.

76.Provision should be made for the Fire Safety as per the norms.

77.Provision should be made for the Parking as per the norms.

78.Provision should be made for the Green Belt as per the norms.

79.Provision should be made for the Electric Vehicle Charging Station as per the norms.

80.Provision should be made for the Electric Meter Room as per the norms.

81.Provision should be made for the Sewage Treatment Plant as per the norms.

82.Provision should be made for the Solid Waste Management as per the norms.

83.Provision should be made for the Fire Safety as per the norms.

84.Provision should be made for the Parking as per the norms.

85.Provision should be made for the Green Belt as per the norms.

86.Provision should be made for the Electric Vehicle Charging Station as per the norms.

87.Provision should be made for the Electric Meter Room as per the norms.

88.Provision should be made for the Sewage Treatment Plant as per the norms.

89.Provision should be made for the Solid Waste Management as per the norms.

90.Provision should be made for the Fire Safety as per the norms.

91.Provision should be made for the Parking as per the norms.

92.Provision should be made for the Green Belt as per the norms.

93.Provision should be made for the Electric Vehicle Charging Station as per the norms.

94.Provision should be made for the Electric Meter Room as per the norms.

95.Provision should be made for the Sewage Treatment Plant as per the norms.

96.Provision should be made for the Solid Waste Management as per the norms.

97.Provision should be made for the Fire Safety as per the norms.

98.Provision should be made for the Parking as per the norms.

99.Provision should be made for the Green Belt as per the norms.

100.Provision should be made for the Electric Vehicle Charging Station as per the norms.

101.Provision should be made for the Electric Meter Room as per the norms.

102.Provision should be made for the Sewage Treatment Plant as per the norms.

103.Provision should be made for the Solid Waste Management as per the norms.

104.Provision should be made for the Fire Safety as per the norms.

105.Provision should be made for the Parking as per the norms.

106.Provision should be made for the Green Belt as per the norms.

107.Provision should be made for the Electric Vehicle Charging Station as per the norms.

108.Provision should be made for the Electric Meter Room as per the norms.

109.Provision should be made for the Sewage Treatment Plant as per the norms.

110.Provision should be made for the Solid Waste Management as per the norms.

111.Provision should be made for the Fire Safety as per the norms.

112.Provision should be made for the Parking as per the norms.

113.Provision should be made for the Green Belt as per the norms.

114.Provision should be made for the Electric Vehicle Charging Station as per the norms.

115.Provision should be made for the Electric Meter Room as per the norms.

116.Provision should be made for the Sewage Treatment Plant as per the norms.

117.Provision should be made for the Solid Waste Management as per the norms.

118.Provision should be made for the Fire Safety as per the norms.

119.Provision should be made for the Parking as per the norms.

120.Provision should be made for the Green Belt as per the norms.

121.Provision should be made for the Electric Vehicle Charging Station as per the norms.

122.Provision should be made for the Electric Meter Room as per the norms.

123.Provision should be made for the Sewage Treatment Plant as per the norms.

124.Provision should be made for the Solid Waste Management as per the norms.

125.Provision should be made for the Fire Safety as per the norms.

126.Provision should be made for the Parking as per the norms.

127.Provision should be made for the Green Belt as per the norms.

128.Provision should be made for the Electric Vehicle Charging Station as per the norms.

129.Provision should be made for the Electric Meter Room as per the norms.

130.Provision should be made for the Sewage Treatment Plant as per the norms.

131.Provision should be made for the Solid Waste Management as per the norms.

132.Provision should be made for the Fire Safety as per the norms.

133.Provision should be made for the Parking as per the norms.

134.Provision should be made for the Green Belt as per the norms.

135.Provision should be made for the Electric Vehicle Charging Station as per the norms.

136.Provision should be made for the Electric Meter Room as per the norms.

137.Provision should be made for the Sewage Treatment Plant as per the norms.

138.Provision should be made for the Solid Waste Management as per the norms.

139.Provision should be made for the Fire Safety as per the norms.

140.Provision should be made for the Parking as per the norms.

141.Provision should be made for the Green Belt as per the norms.

142.Provision should be made for the Electric Vehicle Charging Station as per the norms.

143.Provision should be made for the Electric Meter Room as per the norms.

144.Provision should be made for the Sewage Treatment Plant as per the norms.

145.Provision should be made for the Solid Waste Management as per the norms.

146.Provision should be made for the Fire Safety as per the norms.

147.Provision should be made for the Parking as per the norms.

148.Provision should be made for the Green Belt as per the norms.

149.Provision should be made for the Electric Vehicle Charging Station as per the norms.

150.Provision should be made for the Electric Meter Room as per the norms.

151.Provision should be made for the Sewage Treatment Plant as per the norms.

152.Provision should be made for the Solid Waste Management as per the norms.

153.Provision should be made for the Fire Safety as per the norms.

154.Provision should be made for the Parking as per the norms.

155.Provision should be made for the Green Belt as per the norms.

156.Provision should be made for the Electric Vehicle Charging Station as per the norms.

157.Provision should be made for the Electric Meter Room as per the norms.

158.Provision should be made for the Sewage Treatment Plant as per the norms.

159.Provision should be made for the Solid Waste Management as per the norms.

160.Provision should be made for the Fire Safety as per the norms.

161.Provision should be made for the Parking as per the norms.

162.Provision should be made for the Green Belt as per the norms.

163.Provision should be made for the Electric Vehicle Charging Station as per the norms.

164.Provision should be made for the Electric Meter Room as per the norms.

165.Provision should be made for the Sewage Treatment Plant as per the norms.

166.Provision should be made for the Solid Waste Management as per the norms.

167.Provision should be made for the Fire Safety as per the norms.

168.Provision should be made for the Parking as per the norms.

169.Provision should be made for the Green Belt as per the norms.

170.Provision should be made for the Electric Vehicle Charging Station as per the norms.

171.Provision should be made for the Electric Meter Room as per the norms.

172.Provision should be made for the Sewage Treatment Plant as per the norms.

173.Provision should be made for the Solid Waste Management as per the norms.

174.Provision should be made for the Fire Safety as per the norms.

175.Provision should be made for the Parking as per the norms.

176.Provision should be made for the Green Belt as per the norms.

177.Provision should be made for the Electric Vehicle Charging Station as per the norms.

178.Provision should be made for the Electric Meter Room as per the norms.

179.Provision should be made for the Sewage Treatment Plant as per the norms.

180.Provision should be made for the Solid Waste Management as per the norms.

181.Provision should be made for the Fire Safety as per the norms.

182.Provision should be made for the Parking as per the norms.

183.Provision should be made for the Green Belt as per the norms.

184.Provision should be made for the Electric Vehicle Charging Station as per the norms.

185.Provision should be made for the Electric Meter Room as per the norms.

186.Provision should be made for the Sewage Treatment Plant as per the norms.

187.Provision should be made for the Solid Waste Management as per the norms.

188.Provision should be made for the Fire Safety as per the norms.

189.Provision should be made for the Parking as per the norms.

190.Provision should be made for the Green Belt as per the norms.

191.Provision should be made for the Electric Vehicle Charging Station as per the norms.

192.Provision should be made for the Electric Meter Room as per the norms.

193.Provision should be made for the Sewage Treatment Plant as per the norms.

194.Provision should be made for the Solid Waste Management as per the norms.

195.Provision should be made for the Fire Safety as per the norms.

196.Provision should be made for the Parking as per the norms.

197.Provision should be made for the Green Belt as per the norms.

198.Provision should be made for the Electric Vehicle Charging Station as per the norms.

199.Provision should be made for the Electric Meter Room as per the norms.

200.Provision should be made for the Sewage Treatment Plant as per the norms.

201.Provision should be made for the Solid Waste Management as per the norms.

202.Provision should be made for the Fire Safety as per the norms.

203.Provision should be made for the Parking as per the norms.

204.Provision should be made for the Green Belt as per the norms.

205.Provision should be made for the Electric Vehicle Charging Station as per the norms.

206.Provision should be made for the Electric Meter Room as per the norms.

207.Provision should be made for the Sewage Treatment Plant as per the norms.

208.Provision should be made for the Solid Waste Management as per the norms.

209.Provision should be made for the Fire Safety as per the norms.

210.Provision should be made for the Parking as per the norms.

211.Provision should be made for the Green Belt as per the norms.

212.Provision should be made for the Electric Vehicle Charging Station as per the norms.

213.Provision should be made for the Electric Meter Room as per the norms.

214.Provision should be made for the Sewage Treatment Plant as per the norms.

215.Provision should be made for the Solid Waste Management as per the norms.

223.Provision should be made for the Fire Safety as per the norms.

224.Provision should be made for the Parking as per the norms.

225.Provision should be made for the Green Belt as per the norms.

226.Provision should be made for the Electric Vehicle Charging Station as per the norms.

227.Provision should be made for the Electric Meter Room as per the norms.

228.Provision should be made for the Sewage Treatment Plant as per the norms.

229.Provision should be made for the Solid Waste Management as per the norms.

230.Provision should be made for the Fire Safety as per the norms.

231.Provision should be made for the Parking as per the norms.

232.Provision should be made for the Green Belt as per the norms.

233.Provision should be made for the Electric Vehicle Charging Station as per the norms.

234.Provision should be made for the Electric Meter Room as per the norms.

235.Provision should be made for the Sewage Treatment Plant as per the norms.

236.Provision should be made for the Solid Waste Management as per the norms.

237.Provision should be made for the Fire Safety as per the norms.

238.Provision should be made for the Parking as per the norms.

239.Provision should be made for the Green Belt as per the norms.

240.Provision should be made for the Electric Vehicle Charging Station as per the norms.

241.Provision should be made for the Electric Meter Room as per the norms.

242.Provision should be made for the Sewage Treatment Plant as per the norms.

243.Provision should be made for the Solid Waste Management as per the norms.

244.Provision should be made for the Fire Safety as per the norms.

245.Provision should be made for the Parking as per the norms.

246.Provision should be made for the Green Belt as per the norms.

247.Provision should be made for the Electric Vehicle Charging Station as per the norms.

248.Provision should be made for the Electric Meter Room as per the norms.

249.Provision should be made for the Sewage Treatment Plant as per the norms.

250.Provision should be made for the Solid Waste Management as per the norms.

251.Provision should be made for the Fire Safety as per the norms.

252.Provision should be made for the Parking as per the norms.

253.Provision should be made for the Green Belt as per the norms.

254.Provision should be made for the Electric Vehicle Charging Station as per the norms.

255.Provision should be made for the Electric Meter Room as per the norms.

256.Provision should be made for the Sewage Treatment Plant as per the norms.

257.Provision should be made for the Solid Waste Management as per the norms.

258.Provision should be made for the Fire Safety as per the norms.

259.Provision should be made for the Parking as per the norms.

260.Provision should be made for the Green Belt as per the norms.

261.Provision should be made for the Electric Vehicle Charging Station as per the norms.

262.Provision should be made for the Electric Meter Room as per the norms.

263.Provision should be made for the Sewage Treatment Plant as per the norms.

264.Provision should be made for the Solid Waste Management as per the norms.

265.Provision should be made for the Fire Safety as per the norms.

266.Provision should be made for the Parking as per the norms.

267.Provision should be made for the Green Belt as per the norms.

268.Provision should be made for the Electric Vehicle Charging Station as per the norms.

269.Provision should be made for the Electric Meter Room as per the norms.

270.Provision should be made for the Sewage Treatment Plant as per the norms.

271.Provision should be made for the Solid Waste Management as per the norms.

272.Provision should be made for the Fire Safety as per the norms.

273.Provision should be made for the Parking as per the norms.

274.Provision should be made for the Green Belt as per the norms.

275.Provision should be made for the Electric Vehicle Charging Station as per the norms.

276.Provision should be made for the Electric Meter Room as per the norms.

277.Provision should be made for the Sewage Treatment Plant as per the norms.

278.Provision should be made for the Solid Waste Management as per the norms.

279.Provision should be made for the Fire Safety as per the norms.

280.Provision should be made for the Parking as per the norms.

281.Provision should be made for the Green Belt as per the norms.

282.Provision should be made for the Electric Vehicle Charging Station as per the norms.

283.Provision should be made for the Electric Meter Room as per the norms.

284.Provision should be made for the Sewage Treatment Plant as per the norms.

285.Provision should be made for the Solid Waste Management as per the norms.

286.Provision should be made for the Fire Safety as per the norms.

287.Provision should be made for the Parking as per the norms.

288.Provision should be made for the Green Belt as per the norms.

289.Provision should be made for the Electric Vehicle Charging Station as per the norms.

290.Provision should be made for the Electric Meter Room as per the norms.

291.Provision should be made for the Sewage Treatment Plant as per the norms.

292.Provision should be made for the Solid Waste Management as per the norms.

293.Provision should be made for the Fire Safety as per the norms.

294.Provision should be made for the Parking as per the norms.

295.Provision should be made for the Green Belt as per the norms.

296.Provision should be made for the Electric Vehicle Charging Station as per the norms.
