Mumbai:

Financial capital of Sub Continent

Mumbai formerly Bombay, is the capital of the Indian state of Maharashtra. The city forms the world's 4th largest urban agglomeration with around 19 million people. Mumbai lies on the west coast of India and has a deep natural harbour.

Mumbai is the commercial and entertainment centre of India. Mumbai's business opportunities, as well as its potential to offer a better standard of living, attract migrants from all over India and, in turn, make the city a potpourri of many communities and cultures.

Mumbai:

Financial capital of Sub Continent

South Mumbai, India, comprises the city's main business localities and its adjoining areas. It is the richest urban precinct in India, and houses most of the city's elite.

Although the Constituency of South Mumbai extends from Mumbai Central to Colaba, most city residents use the term to refer to the stretch extending from Colaba to Mahim, which is also known as Mumbai City or '*Island City*'. The area is delimited on the east by Mumbai harbour and on the west by the Arabian Sea.

Mumbai:

Financial capital of Sub Continent

It houses a significant proportion of prime upmarket residential neighbourhoods of Mumbai including: Peddar Road, Nepean Sea Road, Breach Candy and Walkeshwar Road forming a sort of golden quadrilateral and also includes some of the richest boulevards in the world, more prominently the Hanging Gardens, the Altamont Road and the Lamington Road.

Many distinctive sporting clubs have been an integral part of South Mumbai landscape like the Wellington Golf Club, the Turf Club at racecourse, the Bombay Gymkhana, the N.S.C.I, the W.I.A.A Club and the much acclaimed CCI and MCA. South Mumbai is also the home to several of the city's sporting grounds, including Brabourne Stadium, Wankhede Stadium, Cooperage Ground, Azad Maidan and Oval Maidan.
