## CLASSIC BULWARK VILLAGE: WHERE VISIONARIES CHOOSE TO INVEST

Have you ever dreamed of spacious gardens pathways, cobbled stoned driveways, landscape so expansive that you would be mistaken to be on a holiday destination? At Classic Bulwark Village, this reality is already shaping up and waiting for investors, explorers and pioneers like you. An initiative from the Classic Group and Total Green Homes, the Bulwark Village is recreating how Bangalore used to be: wide traffic-free streets, green tree-lined pathways, ample space for your kids, room for thought in design even for the elderly, where your dream home will murmur with birdsongs and chime with the breeze.

The name itself harks back to the glorious era where European aristocrats of yore turned land into idylls of luxury. The 'Bulwark' is inspired by the French word BOULEVARD, a type of lush landscaped garden usually surrounded by wide , multi-lane arterial thoroughfare , divided with a median down the center , and roadways along each side designed as slow travel and parking lanes and for bicycle and pedestrian usage. And at Classic Bulwark you'll find every amenity to make not just a great investment option, but also a sanctuary where one day you can build the chateau of your dreams.

## DEVANAHALLI, THE LAND OF ANCIENT KINGS... & MODERN EMPIRES

Devanhalli isn't the future. It's the present. And it's growing faster than you thought. A hotbed for investment, and the future capital of top conglomerates like Tata, Wipro, Shell, Boeing, Bombardier and many more. An integrated smart township that is set to be home to 25 lakh citizens, 2 mega-SEZs, scores of schools and hospitals, all by 2020.. No wonder the pioneers of tomorrow are already flocking to invest in Classic Bulwark. A 300-acre project with all the amenities you seek, and a location set to deliver unprecedented ROI for you. A joint venture between Brigade Classic & Bulwark.

## A SELF-SUSTAINED COCOON OF LUXURY, THANKS TO ECO-FRIENDLY URBAN PLANNING AND THOUGHTFUL INFRASTRUCTURE

**Urban planning:** Classic Bulwark has been planned around the natural topography of the land, encompassing a total of 43 acres and over 500 plots of various sizes. At an average density of 2 plots per acre, the community will be spacious and airy. With a mix of plot sizes ranging from 1200 sft to 3000 sft, the community will cater to varying market needs. Facilities have been strategically located and spread out across the community to ensure that no matter where a resident stays, distances are easily bridged.

**Infrastructure:** As an owner you will benefit from a plug and play system in which each site will have a sanitary, water, electrical and a communication connection capped and ready to be connected to a home when needed. As a resident, there is so much more that you will benefit from that is hidden from plain sight. We have envisioned a comprehensive system that is optimised and value-engineered to function efficiently and stand the test of time.
