The reason for not uploading the Form 5 for the 4 projects (Sr. No. 20 to 23 above) is as follows:

During the course of audit of the entity's financials certain important issues were raised by the auditors which the management is in the process of resolving and providing explanation to the auditors. In view of the time required to provide such explanations and documents to the auditor

the form 5 for the aforementioned 4 projects have not been certified by the auditors. We expect the matters to be resolved within the next 90 days to enable us to upload the certified form 5 for the 4 projects.
