Dear Kinjal,

I confirm my consent for below mentioned changes in the construction.
However by increasing the number of floors, Godrej will be getting more profit but we will get less UDS than the previous plan,
our floors will become from top to middle and the compound will be more crowded, amenities need to be shared with more people.
From the additional profit, as a reputed company, Godrej is expected to share some benefits to the existing unit holders.

Best regards
