	Not Applicable	

D. Any Qualifications / Observations of CA

For the purpose of determining Utilization as per Table C, Project cost includes inter alia, Land cost (development rights), contractual advances paid to contractors/vendors towards mobilization of resources, cost incurred on acquisition of property, plant and equipment, stamp duty & registration charges paid by the Company on sale of units and pro-rate provision of cost towards purchase of floor space 1 index(FSI)/development rights which has been identified by the management and relied upon by us. Further, we have compared the project cost incurred with seventy percent of the collections received from customers for the project till March 31, 2022. Where the project cost exceeds the seventy percent of the collections received from the customers for the project till March 31, 2022, it is accepted that the Company has utilized the money collected from customers only for that project.

Designated Bank Account under RERA where 70% of the amount receivable from Allottees is to be utilized for 2 project was opened by the Promoter in Axis Bank, Ambarnath Branch. However, all the customer's receipts (100%) are deposited in that account and the Promoter itself manages the calculation of 70:30 ratios.
