(Format – D)

- A. Name of the Promoter/organization – Vraj Kamman Real Estate Developers Pvt. Ltd.
- B. Name of project with CS/CTS no. 120, 120/1 to 9 Village Pahadi Taluka Borivali

This is a Redevelopment of the society.

There were issues and differences between members, society committee and us.

We had not started project in 2016 nor we have started till date.

Old existing building is still there on the plot but now we have cleared all the differences among's Society committee, Society Members and us.

We had register project because some of the members had purchased the additional area that time.

Old members had purchased area so we had registered the project at that time cause to follow the compliances.

MahaRERA was registering project with IOD that time and not with commencement certificate.

We have renewed our IOD and after timeline extension from MahaRERA we will demolish old building of society and will apply for commencement certificate.

This clarification is for MahaRERA and for all the general public at large.
