1. That the Commencement Certificate under section 44/69 (1) of the MR & TP Act shall be obtained before starting the proposed work.
2. That the compound wall shall be constructed, after getting the plot demarcated from the concerned authority, on all sides of the plot clear of the road side drain without obstructing the flow of rain water from the adjoining holding, to prove possession of holding before starting the work as per DCPR 2034 Regulation No.37 (24).
3. That the structural Engineer shall be appointed, and the Supervision memo as per Annexure - 5 of DCPR 2034 shall be submitted by him.
4. That the Structural design and calculations for the proposed work accounting for system analysis as per relevant IS code along with plan shall be submitted before C.C.

Subject to your so modifying your intention as to comply the aforesaid mentioned conditions and meet by requirements. You will be at liberty to proceed with the said building or work at anytime before the _____ day of _____ 20 but not so as to contravene any of the provisions of the said Act as amended as aforesaid or any rule, regulations of bye-law made under that Act at the time in force.

Your attention is drawn to the special Instructions and Notes accompanying this Intimation of Approval

12.12.2024
Executive Engineer.
SRA, Brihanmumbai.

SPECIAL INSTRUCTIONS

1. IN CASE OF PRIVATE PLOTS THIS INTIMATION OF APPROVAL GIVES NO RIGHT TO BUILD UPON LAND WHICH IS NOT YOUR PROPERTY.
2. Under Section 151 & 152 of M.R & T.P. Act 1966, as amended the Chief Executive Officer, Slum Rehabilitation Authority has empowered the Dy.Ch. Engineer (S.R.A.)/ Executive Engineer (S.R.A.) to exercise, perform and discharge the powers, duties and functions conferred and imposed upon and vested in the C.E.O. (S.R.A.) by section of the said Act.
3. Proposed date of commencement of work should be communicated to this office.
4. One more copy of the block plan should be submitted to the Collector, Mumbai / Mumbai Suburbs District as the case may be.
5. Necessary permission for Non-agricultural use of the land shall be obtained from the Collector, Mumbai/ Mumbai Suburban District before the work is started. The Non-agricultural assessment shall be paid at the rate that may be fixed by the Collector, under the Land Revenue Code and Rules thereunder.

Attention is drawn to the notes accompanying this Intimation of Approval.

NOTES

- (1) The work should not be started unless objections _____ are complied with.
- (2) A certified set of latest approved plans shall be displayed on site at the time of commencement of the work and during the progress of the construction work.
- (3) Temporary permission on payment of deposit should be obtained for any shed to house and store for construction purposes, Residence of workmen shall not be allowed on site. The temporary structures for storing construction materials shall be demolished before submission of building completion certificate and a certificate signed by Architect shall be submitted alongwith the building completion certificate.
- (4) Temporary sanitary accommodation on full flushing system with necessary drainage arrangement should be provided on site for workers, before starting the work.
- (5) Water connection for construction purposes will not be given until the hoarding is constructed and application is made to the Ward Officer of M.C.G.M. with the required deposit for the construction of carriage entrance, over the road side drain.
- (6) The owners shall intimate the Hydraulic Engineer of M.C.G.M. or his representative in wards of M.C.G.M. atleast 15 days prior to the date of which the proposed construction work is taken in hand, that the water existing within the compound will be utilized for their construction works and they will not use any Municipal Water for construction purposes. Failing this, it will be presumed that Municipal tap water has been consumed on the construction works and bills preferred against them accordingly.
- (7) The hoarding or screen wall for supporting the depots of building materials shall be constructed before starting any work even though no materials may be expected to be stabled in front of the property. The scaffoldings, bricks, metal, sand, preps, debris etc should not be deposited over footpaths or public street by the owner/architect/their contractors, etc without obtaining prior permission from the Ward Officer of the area.
- (8) The work should not be started unless the compliance of abovesaid conditions is approved by this department.
- (9) No work should be started unless the structural design is submitted from Licensed Structural Engineer.
- (10) The work above plinth should not be started before the same is shown to this office Sub Engineer (SRA) concerned and acknowledgement obtained from him regarding correctness of the open space dimension.
- (11) The application for sewer street connections, if necessary, should be made simultaneously with commencement of the work as the Municipal Corporation of Greater Mumbai will require time to consider alternative site to avoid the excavation of the road and footpath.
- (12) All the terms and conditions of the approved layout/sub-division/Amalgamation under No. _____ should be adhered to and complied with.
- (13) No building/Drainage Completion Certificate will be accepted and water connection granted (except for the construction purposes) unless road is constructed to the satisfaction of the concerned Ex Engineer of M.C.G.M. and as per the terms and conditions for sanction to the layout.
- (14) Recreation ground or amenity open space should be developed before submission of Building Completion Certificate.
- (15) The access road to the full width shall be constructed in water bound macadam before commencing work and should be complete to the satisfaction of concerned. Ex-Engineer of M.C.G.M including asphaltting, lighting and drainage before submission of the building Completion Certificate.
- (16) Flow of water through adjoining holding or culvert, if any should be maintained unobstructed.
- (17) The surrounding open spaces around the building should be consolidated in

concrete having broken glass pieces at the rate of 0.125 cubic meters per 10 sq.mt below pavement.

- (18) The compound wall or fencing should be constructed clear of the road widening line with foundation below level of the bottom of road side drain without obstructing flow of rain water from adjoining holding before starting the work to prove the owner's holding.
- (19) No work should be started unless the existing structures or proposed to be demolished are demolished.
- (20) If It is proposed to demolish the existing structures by negotiations with the tenants under the circumstances, the work as per approved plans should not be taken up in hand unless the Dy.Ch. Engineer(SRA) is satisfied with the following :
 - (i) Specific plans in respect of evicting or rehousing the existing tenants on your plot stating their number and the area in occupation of each tenant.
 - (ii) Specifically signed agreement between you and the existing tenants that they are willing to avail for alternative accommodation in the proposed structure.
 - (iii) Plans showing the phase program of construction has to be duly approved by this office before starting the work so as not to contravene at any stage of construction, the Development Control Rules regarding open spaces, light and ventilation of existing structure promotion.
- (21) In case of additional floor no work should be started during monsoon which will give rise to water leakage and consequent nuisance to the tenants staying on the floor below.
- (22) The bottom of the overhead Water Tank above the finished level of the terrace shall not be less than 1.20 meter & not more than 1.50meter.
- (23) The work should not be started above first floor level unless the No Objection Certificate from the Civil Aviation Authorities, wherever necessary, is obtained.
- (24) It is to be understood that the foundations must be excavated down to hard soil.
- (25) The positions of the nahanis and other appurtenances in the building should be so arranged as not to necessitate the laying of drains inside the building.
- (26) No new well tank, pond, cistern or fountain shall be dug or constructed without the previous permission in writing from the Chief Executive Officer of Slum Rehabilitation Authority.
- (27) All gully traps and open channel shall be provided with right fitting mosquito proof covers as per relevant I. S. specifications.
- (28) No broken bottle should be fixed over boundary walls. The prohibition refers only to broken bottles & not to the use of plain glass for coping over compound wall.
- (29) If the proposed addition is intended to be carried out on old foundations and structures, will do so at your own risk.

2.12.2024
Executive Engineer, (S.R.A.)
