

Development Work Plan

11th mile garden development plan is as follows:

We have divided the project in 3 phases.

11th Mile Garden City phase 1 consists of residential developed plots and row houses tulip and lotus. We have already developed this phase and given possession to many families which have started living in this phase of our project. We have enclosed photos of the above mentioned development done.

11th Mile garden city phase2 consists of multi storied apartment, commercial plots and shops. We have completed 1 block of multi storied apartment and reserved the remaining multi storied apartment plots.

Construction of 2 blocks of commercial shops is under progress. 4 convenient shops are ready to move.

3rd phase will be starting as soon as we complete 1st and 2nd phase. This phase is of LIG and EWS plots and flats.
