ETERNITY
Tenthra
LIFESTYLE LUXURY VILLAS

There was a time not too long ago...

There was an easy pace and fresh feel to Life.

People lived in well-lit, spacious bungalows. Doors opened to picture perfect gardens alive with colour and fragrance. Butterflies chased one another and fireflies danced in the dark.

There was a backyard for lazy family afternoons and informal dining. Where occasionally one would catch a refreshing afternoon nap. Every sense was nourished and you felt great.

Just living. Just being, in the moment.

Yes,

there was a time
when everything
was within reach

*It was a time
when everything was
within reach...*

Schools, markets, parks and even friends. People smiled when they passed by and everyone knew you by name.

Stress was a foreign word and the neighbourhood was so safe, you could even leave the front door unlocked.

Your children cycled down winding paths and their laughter made you realize what you had worked for. Most days, you felt an overwhelming sense of contentment.
